

Open House at Our Remodeled Web Site

Check out our newly remodeled web site at www.nebraskaretail.com. Completely refurbished to meet your needs, we list legislative updates, offer benefits and services, celebrate retailing award winners, provide links to retailing news sites and important legal issues, and highlight business ideas and quotes. We're excited about the possibilities. We plan to add and update information on a regular basis and encourage your input. Peruse the pages and let us know how we can continue to serve you better. Send us your web site address and we'll link to your site.
