

# WE'RE PROTECTING OUR CUSTOMERS FROM COVID-19

**We ask that our customers assist us in preventing the spread of Coronavirus by doing the following:**

- Please keep social distance of 6' between other customers and our store employees.
- If you are feeling ill or at all under the weather, please don't come into our store.
- Please don't bring reusable bags or backpacks into our store.
- Please consider shopping alone instead of as a family or group as the number of people we can allow in our store at one time is limited.
- Please shop with your eyes as much as possible. Picking up an item and then putting it back adds to our sanitization efforts.
- We are working diligently to sanitize our store to keep you and our employees in good health.

**Responsibility is everyone's job. Please do your part by following these recommendations.**
